

Rebuild America

Solving the Economic Crisis through Civic Works

Scott Myers-Lipton

"In *Rebuild America*, Scott Myers-Lipton convincingly lays out the case for a public works offensive, and also points to the civic value of engineering an economic recovery around social investment. Everyone should read this book, and one American in particular should take it to heart—Barack Obama."

—Robert Kuttner, co-editor for the *American Prospect*

"Welcome to the New Era of Progressivism! Scott Myers-Lipton offers some solutions to many of America's most nagging problems. An important and well-written call for action."

—Douglas Brinkley, author of *The Great Deluge*

"Professor Myers-Lipton has quickly become a leading voice for the principle that our economy and our nation can be rebuilt only if we do it the old-fashioned way: through public works and public investments. *Rebuild America* is an historic blueprint to make that happen."

—Dr. J. Larry Brown, Founder of the Center on Hunger and Poverty, Harvard University

"Scott Myers-Lipton provides a historically informed and sophisticated set of policy recommendations for our present moment. His argument—calling for local involvement, strong oversight, and equitable development—is essential reading for anyone interested in how we might achieve a sustainable economic recovery."

—Jason Scott Smith, author of *Building New Deal Liberalism*

Scott Myers-Lipton, Associate Professor at San Jose State University, is the author of *Social Solutions to Poverty: America's Struggle to Build a Just Society* (Paradigm 2006), as well as numerous scholarly articles on civic engagement, education, and racism.
